LETTER OF DEFICIENCY #WELL - 04 - 01

Subject: Well Constructed for Cotton Farm MHP, Danville, NH

Dear Mr. Rollins:

The New Hampshire Department of Environmental Services ("DES") issued a conditional approval on December 16, 2003 for bedrock well #7 at Cotton Farm MHP, Danville, NH. The well was constructed by Charles M Rollins Company Inc., according to documentation provided with the approval (a facsimile of the well completion report). A search of the NH Water Well Board ("Board") records indicates that the well completion report for the well was not submitted to the Board.

RSA 482-B:10 and We 801.03(a) and (c) require a water well contractor to file a well completion report with the NH Water Well Board within 90 days following completion of the well.

Please submit the original well completion report to the Board within 14 days of receipt of this notice.

The well was constructed on July 12, 2002 for RE Prescott Co., Inc., with a reported depth of 1005 feet. Please note that reports submitted to DES in association with permits or approvals does not satisfy the requirement for filing well completion reports to the Water Well Board, pursuant to RSA 482-B:10.

Failure to comply with this request within 14 days may result in the issuance of an administrative fine in accordance with the provisions of RSA 482-B:16 and Env-C 616.02 (e).

If you have any questions, please call Rick Schofield at 271-1974.

Sincerely,

Rene Pelletier, P.G.,
Land Resources Program Manager
